THE DIOCESE OF MARYLAND YOUTH MINISTRY

Who We Are

Youth ministry in the Diocese of Maryland is an abundance of love, joy, strength, and discovery in the community of Christ. We hold true that youth have a strong voice and deep desire to seek Christ in our secular world. We try to provide training and resources for adult leaders, volunteers, and clergy who choose the wonderful ministry with youth. These resources include talking with vestry, visitations, and support for trips or confirmations. We are present to help support parishes in building young

people up into being part of the Jesus Movement.

The greatest joy is to gather youth from across the diocese for representation at the diocesan, provincial, and national levels! Each platform gives our young people the chance to deepen their relationship to God; through the community they build with one another. Our quality programming allows for youth to have a space to call their own and explore what God is calling them to do in the world. The Diocese of Maryland Youth are singing and dancing through this world in the name of God! Our office motto is: Christ centered and spirit led to save the world and have fun!
